

"NO CURE, NO PAY"

How The W. R. Smith Co. Sell Hyomel, the Guaranteed Cure for Catarrh.

The W. R. Smith Co. have an unusual offer to make to our readers, one that will be of the greatest value to many.

For some years The W. R. Smith Co. have been watching the results from the use of Hyomel, a treatment for catarrh that cures by breathing medicated air, absolutely without any stomach dosing. The results have been so universally successful that they feel justified in making a public offer to treat the worst case of catarrh in Hillsboro with the understanding that if Hyomel does not cure, the treatment will cost absolutely nothing.

The regular Hyomel outfit costs only one dollar, and consists of a neat pocket inhaler that can be carried in the purse or vest-pocket, a medicine dropper, and a bottle of Hyomel. If this is not enough for a cure, extra bottles of Hyomel can be obtained for 50 cents.

The W. R. Smith Co. positively guarantee a cure, if Hyomel is used in accordance with directions, or they will refund the money.

Obituary.

William P. Grabill, the subject of this sketch, was born in Marshall, Highland county, O., June 13, 1880, passed to immortality April 24, 1906, in Fairview, O., aged 25 years, 10 months and 11 days.

He was the youngest of four in the family of John and Mary Burnett Grabill, all of which, except the mother and one sister, Mrs. Francis Bell, have preceded him to the life beyond.

His early training was in a refined, Christian home, and all his dealings with others were characterized by usefulness, truth and honesty. A noble, high-minded spirit worthy of imitation by all.

He was united in marriage with Mary E. Tener Feb. 12, 1902. To this union was given two children, the first dying in infancy, the other boy, Hershel C., aged two years, the pride of his father and too young to realize the loss or the love of that father, is left to the care and consolation of the stricken mother.

His home was first established on the farm near Marshall, when finding his health decline they removed to Cincinnati, where he engaged in business and later at Fairview for a short time, when hoping to be benefited by a milder climate they removed to San Antonio, Texas, but soon realizing that no benefit could be derived from this change they returned to Fairview as he did not want to die in a strange land.

He was a member of J. O. A. M. and K. of P. orders and of the M. E. Church at Marshall, having united with the church at an early age and lived an exemplary Christian till his death.

A short life measured from sun to sun, yet a life replete with industry, zeal, love of home and conscientious adherence to duty and right. Who, save our Heavenly Father, can measure the influence that radiates from such a true life?

It is more than many sermons. The memory of such is precious and truly hallowed.

"Life's work well done,
Life's crown well won,
He sleeps in peace."

He possessed all attributes and qualifications of true manhood in a high degree, and those who knew him best loved him most.

His sickness was born with fortitude and resignation, all that medical skill and loved ones could do was done. While wishing to live for the sake of wife and child yet willing to submit to the inevitable, and gave assurance that he was prepared and ready for the change.

Toward the last he said, "I am so happy."

To the loved ones who mourn the loss of husband and brother we would bid them so live that the family may be reunited in the home of the soul.

"What we call death is but transmission
That opens the portals to the life beyond."

It ought to please the school teachers some to have what they receive called salaries.

Letter to Mr. M. F. Carroll, Hillsboro, Ohio.

Dear Sir: Mr. — President of a cotton-mill at Union, S. C.,—he don't want to see his name in print—had two offers of 500 gallons of paint: \$1.30 and \$1.25. Took the \$1.25 and got skinned. He'd have got three-quarters skinned if he'd taken the other.

The \$1.30 was full gallon; the \$1.25 was 18 per cent short. The full measure paint was adulterated 40 per cent; the short measure paint was adulterated 45 per cent, besides benzine in the oil, don't know how much.

Devote lead-and-zinc wasn't sold in the town then.

It doesn't pay to monkey with paint. Devote costs less than any of 'em; not by the gallon, of course; by the house and year. That's how to reckon it. Go by the name.

Yours truly
